0040001-001L	Paso Robles Groundwater Management District	\$1,095,000	Ineligible				

Please note: In early August, the State Water Resources Control Board, Division of Financial Assistance (DFA) completed its in-depth evaluation of all applications, including the proposed Work Plans and project intent to determine funding eligibility. DFA staff contacted all applicants in August with the results. Staff are continuing their efforts to obtain responses from applicants and are working with applicants on revising their proposed Work Plans to enable a project to move forward to funding.
