
Lahontan Regional Water Quality Control Board

NOTICE OF PUBLIC MEETING

THE CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD, LAHONTAN REGION WILL HOLD A PUBLIC MEETING AND CONSIDER ADOPTING THE LASSEN COUNTY LOCAL AGENCY MANAGEMENT PROGRAM

The California Regional Water Quality Control Board, Lahontan Region (Water Board) will hold a public meeting on **May 6-7, 2020** in South Lake Tahoe, California. A Resolution approving the Lassen County's Local Agency Management Program (LAMP) will be considered for adoption by the Water Board. The Lassen County LAMP will be used in regulating and permitting of Onsite Wastewater Treatment Systems (OWTS) in Lassen County. The State Water Resources Control Board's *Water Quality Control Policy for Siting, Design, Operation and Maintenance on Onsite Wastewater Treatment Systems* (OWTS Policy), allows for Counties to develop customized regulations for their jurisdiction. Lassen County's Environmental Health Department and Water Board staff have worked cooperatively to develop a LAMP for regulating and permitting OWTS within Lassen County.

The public meeting will provide the public an opportunity to comment on the regulations outlined in the LAMP. The Water Board will accept written comments on the proposed LAMP until **April 24th, 2020**. Anyone interested is invited to attend the meeting and may provide their testimony in person. Person(s) making presentations should confine statements to the issues pertinent to the LAMP only. Oral testimony should be brief and may be limited by the Water Board's Chair to allow all interested parties time to be heard. The Water Board will then have the opportunity to adopt, modify or reject the proposed Resolution approving the LAMP.

The proposed Resolution and associated LAMP may be inspected and copied at the Water Board's office at 2501 Lake Tahoe Boulevard, South Lake Tahoe, 96150 between 8:30 a.m. - 12:00 noon and 1:30 p.m. - 4:30 p.m. The proposed LAMP may be downloaded or viewed at Lassen County Environmental Health Department's website, under the LAMP hyperlink:

<http://www.lassencounty.org/dept/environmental-health/environmental-health>

The proposed Resolution may also be downloaded or viewed at the following website, under the May 2020 items:

https://www.waterboards.ca.gov/lahontan/board_info/agenda/2020_schedule.html

Any questions may be directed to me at the Water Board office, (530) 542-5430 (trevor.miller@waterboards.ca.gov).

Please bring the above information to the attention of any person whom you know to be interested in this matter.

Date: March 26, 2020

Trevor Miller, PE
Water Resource Control Engineer, North Basin Regulatory Unit

PETER C. PUMPHREY, CHAIR | PATTY Z. KOUYOUMDJIAN, EXECUTIVE OFFICER
