Project Name	SR 58 Realignment
Project Description	The Project is to realign and widen an existing 8.9 mile long segment of State Route (SR) 58 near the unincorporated community of Hinkley in San Bernardino County. The purpose of the Project is to maintain route continuity, relieve congestion, meet current engineering standards, and improve public safety. Project implementation will require the following work within surface waters: grading within stream channels; installation of culverts to convey flows beneath the highway; and placement of rock rip-rap at culvert inlets and outlets. Stormwater basins will be constructed to collect runoff from the highway during rain events.
