

BDO	Project Proposal Name	Organization Name	Organization Address	Contact Person and Information	Project Summary	Project Category	Location of Project	Estimated Cost (in \$)	Expected Benefits
Water Board R6	Assistance Program for Small Water Systems-Identify water supply, water quality and infrastructure needs	Mojave IRWM	13846 Conference Center Dr., Victorville, CA 92307	Jeanette Hayhurst	Assistance Program for Small Water Systems-Identify water supply, water quality and infrastructure needs	Water supply	Mojave Watershed	\$200,000.00	Water quality, water supply
Water Board R6	CSD4	Mojave IRWM	13846 Conference Center Dr., Victorville, CA 92307	Jeanette Hayhurst	Pump station for recycled water.	Recycled water project	Mojave Watershed	\$203,268.00	Increase the use of recycled wastewater, lessen demand on Water project water.
Water Board R6	Helendale CSD-Tertiary Treatment	Mojave IRWM	13846 Conference Center Dr., Victorville, CA 92307	Jeanette Hayhurst	Wastewater treatment plant upgrade to tertiary treatment.	Recycled water project	Mojave Watershed	\$2,670,000.00	Improving quality of treated wastewater to increase use of recycled water.
Water Board R6	Helendale wastewater treatment Plant Effluent Distribution System	Mojave IRWM	13846 Conference Center Dr., Victorville, CA 92307	Jeanette Hayhurst	Effluent pipeline for recycled water delivery.	Recycled water project	Mojave Watershed	\$1,250,000.00	Increase the use of recycled wastewater, lessen demand on fresh water.
Water Board R6	Dairy Nitrate Reduction	Mojave IRWM	13846 Conference Center Dr., Victorville, CA 92307	Jeanette Hayhurst	Technical study on dairy waste disposal options.	Technical study water quality protection	Mojave Watershed	TBD	Improve dairy waste treatment and water quality.
Water Board R6	Annual Cooperative Water Resources Program USGS	Mojave IRWM	13846 Conference Center Dr., Victorville, CA 92307	Jeanette Hayhurst	Water supply and water quality monitoring.	Technical study	Mojave Watershed	\$350,000.00	Improve knowledge about water supply and water quality.
Water Board R6	Cr IV treatment	Mojave IRWM	13846 Conference Center Dr., Victorville, CA 92307	Jeanette Hayhurst	Water treatment study.	Technical study	Mojave Watershed	TBD	Improve knowledge of treatment methods for CrIV.
Water Board R6	IRWM Plan Regional Water Quality Sampling Program	Mojave IRWM	13846 Conference Center Dr., Victorville, CA 92307	Jeanette Hayhurst	Water supply and water quality groundwater monitoring.	Technical study water quality protection	Mojave Watershed	\$175,000	Improve knowledge about water supply and water quality.
Water Board R6	Septic to Sewer Conversion Project	Mojave IRWM	13846 Conference Center Dr., Victorville, CA 92307	Jeanette Hayhurst	Water quality and recycled water project.	Water quality improvement and recycled water project	Mojave Watershed	\$1,000,000 est.	Establish a grant program for a DAC in Old Town Vicoterville to connect existing and failing septics to the sewer collection system.
Water Board R6	Abengoa Monitoring Well	Transition Habitat Conservancy	P.O Box 720026, Pinion Hills, CA 92372	Jill Bays	Water supply and water quality groundwater monitoring.	Technical study water quality protection	Mojave Watershed	\$30,000	Improve water supply and water quality information.
Water Board R6	Blacks Ranch Well/Harpers Lake	Transition Habitat Conservancy	P.O Box 720026, Pinion Hills, CA 92372	Jill Bays	Acquire two 40 acre parcels, install wells, restore riparian habitat, conservation easement.	Technical study water quality protection	Mojave Watershed	\$127,000	Improve water supply and water quality information. Restoration of riparian habitat.
Water Board R6	McDonald Well Sourcing	Transition Habitat Conservancy	P.O Box 720026, Pinion Hills, CA 92372	Jill Bays	Water supply and water quality groundwater monitoring.	Technical study water quality protection	Mojave Watershed	\$25,000	Improve water supply and water quality information.
Water Board R6	West Mojave Abandoned Well Survey	Transition Habitat Conservancy	P.O Box 720026, Pinion Hills, CA 92372	Jill Bays	Abandoned well survey in the Fremont/Kramer/Garlock/Randsburg area.	Technical study water quality protection	Mojave Watershed	\$36,000	Improve water supply and water quality information.
Water Board R6	Bird Spring Parcel	Transition Habitat Conservancy	P.O Box 720026, Pinion Hills, CA 92372	Jill Bays	Acquire one 40 acre parcel, investigate water supply, restore habitat, conservation easement.	Restoration and water supply	Mojave Watershed	\$31,700.00	Improve water supply and water quality information. Restoration of riparian habitat.
Water Board R6	Cuddleback Dry Lake Parcel	Transition Habitat Conservancy	P.O Box 720026, Pinion Hills, CA 92372	Jill Bays	Acquire one 160 acre parcel, improve water supply, flood control and restore habitat.	Water supply and restoration	Fremont-Kramer Desert area	\$88,000.00	Improve water supply and water quality information. Restoration of riparian habitat.
Water Board R6	Sheep's Creek Recharge Project	Transition Habitat Conservancy	P.O Box 720026, Pinion Hills, CA 92372	Jill Bays	Recharge project in Sheep's Creek , regional water balance model, flood control and restoration	Restoration and water supply	Mojave Watershed	\$29,100.00	Technical study for watershed recharge and groundwater supply.
