Dear Mr. Kardell,

On July 23, 2015, this Regional Water Quality Control Board (Regional Board) informed you that the subject discharge is regulated under Regional Board Order No. R4-2014-0187, which specifies your Waste Discharge Requirements (WDR).

In the letter dated May 15, 2018, you requested termination of the WDR coverage under Regional Board Order No. R4-2014-0187 because injection of bioaugmentation culture was completed in April 2017 and no additional injection activities are planned in the future. Therefore, the WDR is no longer needed. The coverage under Regional Board Order No. R4-2014-0187 for the subject site is hereby terminated with the exception of enforcement under the term of the permit.

If you have any questions, please contact the Project Manager, Dr. Ann Chang at (213) 620-6122 (ann.chang@waterboards.ca.gov), or the Chief of Groundwater Permitting Unit, Dr. Eric Wu at (213) 576-6683 (eric.wu@waterboards.ca.gov).

Sincerely,

Deborah J. Smith
Executive Officer
