TERMINATION OF GENERAL WASTE DISCHARGE REQUIREMENTS FOR SPECIFIED DISCHARGES TO GROUNDWATER – CITY OF CAMARILLO, CAMARILLO AIRPORT WATER IMPROVEMENT PROJECT, CAMARILLO, CALIFORNIA (ORDER NO. 93-010, FILE NO. 14-064, SERIES NO. 047, CI NO. 10069, GLOBAL ID WDR100018335)

Dear Mr. Matsuoka:

In our letter dated August 28, 2014, we informed you that the subject discharge is regulated under Order No. 93-010, which specifies your Waste Discharge Requirements (WDR).

In the letter dated April 8, 2015, you notified the Regional Water Quality Control Board (Regional Board) that the utility line installation was completed at the project site for which the permit was issued. Furthermore, there were no discharges from the utility line installation at the project site and that you request termination of the WDR.

Since the utility line installation project has been completed and no discharge of groundwater occurred, and the WDR is no longer needed, the coverage under Regional Board Order No. 93-010, Series No. 047 for the subject facility is hereby terminated, except for enforcement purposes under the term of the permit.

If you have any additional questions, please contact the Project Manager, Ms. Mercedes Merino at (213) 620-6156 or via email at Mercedes.Merino@waterboards.ca.gov, or Dr. Eric Wu at (213) 576-6683 or via email at Eric.Wu@waterboards.ca.gov.

Sincerely,

Samuel Unger, P.E.
Executive Officer
