Los Angeles Regional Water Quality Control Board

August 22, 2018

Ms. Katherine Rubin
City of Los Angeles,
Department of Water and Power
111 North Hope Street, Room 1213
Los Angeles, CA 91302

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—CITY OF LOS ANGELES, DEPARTMENT OF WATER AND POWER—LOWER FRANKLIN RESERVOIR NO. 2, 1300 NORTH BEVERLY DRIVE, BEVERLY HILLS, CALIFORNIA (NPDES NO. CAG994004, CI—10074)

Dear Ms. Rubin:

In our letter dated July 22, 2014, we informed you that the subject discharge is regulated under Order No. R4-2013-0095, *General National Pollutant Discharge Elimination System Permit and Waste Discharge Requirements for Groundwater Discharges from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on June 6, 2013.

We have reviewed your May 23, 2018, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that the construction dewatering project was completed on January 31, 2018, and that the subject NPDES permit is no longer needed.

On August 20, 2018, Board staff inspected the project site and verified that there is no discharge of groundwater from the project site to the storm drain. Since there is no discharge of groundwater from the project site, coverage under Board Order No. R4-2013-0095, General NPDES Permit No. CAG994004, CI-10074 for the facility is hereby terminated except for enforcement purposes.

Please note that if future discharges of wastewater to surface water or land becomes necessary, you must file a Report of Waste Discharge with this office and obtain appropriate Waste Discharge Requirements (WDRs) prior to discharging any groundwater from the site to surface waters or land.

If you have any questions, please contact Vilma Correa at (213) 576-6794.

Sincerely,

for Deborah J. Smith
Executive Officer
