Ms. Elaine Jeng, P.E.
Director of Public Works
City of El Monte Water Department
11333 Valley Boulevard, City Hall West
El Monte, CA 91731

Dear Ms. Jeng:

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT AND WASTE DISCHARGE REQUIREMENTS—CITY OF EL MONTE WATER DEPARTMENT, WATER WELL #3, IRIS LANE, EL MONTE, CALIFORNIA (NPDES NO. CAG994006, CI-10127)

The subject discharge is regulated under Order No. R4-2014-0141, *Waste Discharge Requirements and General National Pollutant Discharge Elimination System Permit for Discharges of Groundwater from San Gabriel Valley Groundwater Basin to Surface Waters in Upper San Gabriel River and Rio Hondo Watersheds Los Angeles County*, adopted by this Board on July 10, 2014.

We have reviewed your February 3, 2016, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that you completed well development and ceased wastewater discharges from the well to the storm drain system. Since there is no discharge of wastewater from the well site to the storm drain, coverage under Board Order R4-2014-0141, General NPDES Permit No. CAG994006, CI-10127 for the facility is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface waters or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Namiraj Jain at (213) 620-6003.

Sincerely,

Samuel Unger, P.E.
Executive Officer
