

Los Angeles Regional Water Quality Control Board

April 1, 2016

Mr. Richard Cameron Port of Long Beach P.O. Box 570 Long Beach, CA 90801

AMENDMENT TO MONITORING AND REPORTING PROGRAM - ELECTRONIC SUBMITTAL OF INFORMATION TO GEOTRACKER FOR WASTE DISCHARGE REQUIREMENTS, INNER HARBOR TURNING BASIN DREDGING PROJECT, PIER S, BLACK CHANNEL, TURNING BASIN, LONG BEACH (WDR ORDER NO. R4-2015-0027, CI-10130, GLOBAL ID WDR100026519)

Dear Mr. Cameron,

The California Regional Water Quality Control Board, Los Angeles Region (Regional Board), is the public agency with primary responsibility for the protection of ground and surface water quality for all beneficial uses within major portions of Los Angeles and Ventura Counties, including the subject facility.

You are subject to Waste Discharge Requirements (WDRs) Order No. R4-2015-0027, in which the Regional Board specifies waste discharge requirements for the subject facility. The Regional Board has been implementing improvements to its management of data and monitoring reports generated per WDRs. The GeoTracker database is the designated portal for WDRs related projects, which is accessible to public. Monitoring and Reporting Program (MRP) CI-10130, which is part of the subject WDRs, is hereby amended to include the following reporting requirements effective **July 1, 2016**:

"The Port of Long Beach (Discharger) shall submit all reports required under this MRP, to the State Water Resources Control Board GeoTracker database. The Discharger shall comply with the Electronic Submittal of Information (ESI) requirements by submitting all reports required under the MRP, including groundwater monitoring data in Electronic Data Format, discharge locational data (latitude and longitude), and searchable PDF monitoring reports to the State Water Resources Control Board GeoTracker database under Global ID WDR100026519."

Training on Electronic Submittal of Information (ESI) to GeoTracker is scheduled for **May 3**, **2016**. Please see enclosed announcement dated April 1, 2016 for more detail.

If you have any questions or need additional information, please contact the Project Manager, Mr. Michael Lyons at (213) 576-6718 (<u>Michael.Lyons@waterboards.ca.gov</u>) or Ms. Clarita Quidilla at (213) 576-6632 (<u>Clarita.Wuidilla@waterboards.ca.gov</u>).

Sincerely,

Samuel Unger, P.E. Executive Officer

Samuel Urger

Enclosure: April 1, 2016 ESI to GeoTracker training announcement

Los Angeles Regional Water Quality Control Board

April 1, 2016

To Dischargers and Interested Parties

ELECTRONIC SUBMITTAL OF INFORMATION TO GEOTRACKER FOR WASTE DISCHARGE REQUIREMENTS (WDR) AND/OR WATER RECLAMATION REQUIREMENTS (WRR)

For several years, parties responsible for cleanup of leaks from underground storage tanks and other groundwater cleanup and land disposal sites have been required to electronically submit over the internet their groundwater analytical data, the surveyed locations of monitoring wells, the PDF copies of reports and certain other data to the State Water Resources Control Board's (SWRCB) GeoTracker database. The GeoTracker system currently has information submitted by responsible parties for over 10,000 groundwater cleanup sites statewide.

Effective **July 1, 2016**, Dischargers are directed to submit future correspondence and all reports required under the Waste Discharger Requirements (WDR) and/or Water Reclamation Requirements (WRR) adopted by the Regional Water Quality Control Board, including groundwater monitoring data in Electronic Data Format, well and discharge location data, and searchable pdf reports and correspondence, to the SWRCB's GeoTracker database. The electronic copy is not required to be submitted to losangeles@waterboards.ca.gov.

For submitting data and reports, dischargers or their representatives will need to setup a GeoTracker user account. Instruction to set up a GeoTracker account is found at our Electronic Submittal of Information (ESI) website:

http://www.waterboards.ca.gov/ust/electronic submittal/index.shtml

Our ESI website also contains information that will aid your transition to electronic data and reporting submittal, such as guidelines on claiming and getting access to a facility, uploading of analytical data in specified Electronic Data Format (EDF), PDF of reports, and well survey templates. For general assistance in searching or utilizing GeoTracker, please contact GeoTracker Help Desk at (866) 480-1028 or GeoTracker@waterboards.ca.gov. For questions about using GeoTracker, please contact Mr. Hamid Foolad at (916) 341-5791 or https://html.ncbi.nlm.nih.gov. For regulatory requirement questions, please contact the WDR/WRR project manager assigned to each project. A site-specific amendment to each Monitoring and Reporting Program will be sent to each discharger for ESI requirements and will include project manager contact information.

Training and Outreach

A training and outreach session will be held for dischargers, consultants and the public to introduce them to the ESI requirements and its application:

Date:

Tuesday, May 3, 2016

Time:

1:30pm - 4pm

Location:

Regional Water Quality Control Board - Los Angeles Region

320 W. 4th Street

Pacific Ocean Conference Room (2nd floor)

Los Angeles, CA 90013

Please RSVP for the training if you plan to attend by emailing Ms. Clarita Quidilla at Clarita.Quidilla@waterboards.ca.gov.

In addition, once available we will post a recording of the training on our internet site at http://www.waterboards.ca.gov/losangeles/water issues/programs/ground water permitting.sht ml.

If you have any questions or need additional information, please contact Ms. Clarita Quidilla at (213) 576-6632 or email Clarita.Quidilla@waterboards.ca.gov.

Sincerely,

Samuel Unger, P.E.

Samuel Unger
