JARED BLUMENFELD
SECRETARY FOR
ENVIRONMENTAL PROTECTION

Los Angeles Regional Water Quality Control Board

July 22, 2019

Mr. Eric Silvers
Regency Centers Inc.
One Independent Drive, Suite 114
Jacksonville, Florida 32202

TERMINATION OF COVERAGE UNDER GENERAL WASTE DISCHARGE REQUIREMENTS FOR IN-SITU GROUNDWATER REMEDIATION AND GROUNDWATER RE-INJECTION – FORMER WESTLAKE VILLAGE CLEANERS AT 2749 AGOURA ROAD AND FORMER SILVER OAKS CLEANERS AT 2772 TOWNSGATE ROAD, WESTLAKE VILLAGE, CALIFORNIA (FILE NO. 17-122, ORDER NO. R4-2014-0187, SERIES NO. 111, CI-10370, GLOBAL ID. WDR100039803)

Dear Mr. Silvers:

On November 22, 2017, the Los Angeles Regional Water Quality Control Board authorized the proposed subsurface injection of materials under the General Waste Discharge Requirements (WDR) Order No. R4-2014-0187. The authorized discharge was part of an approved *Revised Remedial Action Plan* for groundwater remediation of volatile organic compounds at the former Westlake Village Cleaners and former Silver Oaks Cleaners.

On June 27, 2019, you requested termination of coverage under the General WDR because injection of EHC[®] amendment and potassium bicarbonate was completed in April 2018 and no additional injection activities are planned in the future. Therefore, the WDR is no longer needed. Coverage under General WDR Order No. R4-2014-0187 for the subject site is hereby terminated except for enforcement purposes.

If you have any questions, please contact the Project Manager, Dr. Ann Chang at (213) 620-6122 (ann.chang@waterboards.ca.gov), or the Chief of Groundwater Permitting Unit, Dr. Eric Wu at (213) 576-6683 (eric.wu@waterboards.ca.gov).

Sincerely,

Renee Purdy
Executive Officer
