The complete final Order and Permit will be sent only to the Discharger. However, these documents are available on the Regional Water Board's website for your review. The Regional Water Board's web address is [www.waterboards.ca.gov/losangeles/](http://www.waterboards.ca.gov/losangeles/).

You are required to implement the Monitoring and Reporting Program (MRP) on the effective date of this Order. The dates that the monitoring and annual reports must be received at the Regional Water Board Office are provided in the MRP. When submitting monitoring or technical reports to the Regional Board, as required by your "Monitoring and Reporting Program", please send them ATTN: Information Technology Unit and include a reference to "Compliance File No. "5675" for Order No. R4-2011-0197 to assure that the reports are directed to the appropriate file and staff. Please do not combine your discharge monitoring with other reports. Submit each type of report as a separate document.

The Regional Water Board is implementing a paperless office system to reduce paper use, increase efficiency and provide a more effective way for our staff, the public and interested parties to view water quality documents. Therefore, please convert all regulatory documents, submissions, data, and correspondence that you would normally submit to us as hard copies to a searchable Portable Document Format (PDF). Documents that are less than 10MB should be emailed to [losangeles@waterboards.ca.gov](mailto:losangeles@waterboards.ca.gov). Documents that are 10 MB or larger should be transferred to a disk and mailed to the address listed above. If you need additional information regarding electronic submittal of documents please visit the Regional Water Board's website listed above and navigate to Paperless Office.

If you have any questions, please contact Raul Medina at (213) 620-2160 or the undersigned at (213) 576-6664.
