Wilmington, CA 90744

VIA CERTIFIED MAIL
RETURNED RECEIPT REQUESTED
No. 7006 2760 0000 1339 3597

Dear Mr. Waida:

WASTE DISCHARGE REQUIREMENTS – ULTRAMAR INC., A VALERO ENERGY CORPORATION COMPANY, MARINE TANK FARM, WILMINGTON, CA. (NPDES NO. CA0057037, CI NO. 6155)

Our letters dated April 9, 2009, and May 26, 2009, transmitted a tentative and a revised tentative order for renewal of your permit to discharge wastes under the National Pollutant Discharge Elimination System (NPDES) Program.

Pursuant to Division 7 of the California Water Code, this Regional Board at a public hearing held on June 4, 2009, reviewed the revised tentative Waste Discharge Requirements (WDRs), considered all factors in the case, and adopted Order No. R4-2009-0073 (copy attached) relative to this waste discharge. Order No. R4-2009-0073 serves as your permit under the NPDES program and expires on May 10, 2014. Section 13376 of the California Water Code requires that an application for a new permit must be filed at least 180 days before the expiration date.

You are required to implement the *Monitoring and Reporting Program (MRP)* on the effective date of Order No. R4-2009-0073. Your first monitoring report for the July 4, 2009, to September 30, 2009, reporting period is due by November 1, 2009. All monitoring reports should be sent to the Regional Board, Attn: Information Technology Unit.

When submitting monitoring, technical reports, or any correspondence regarding the discharge under Order No. R4-2009-0073 to the Regional Board, please include a reference to *Compliance File No. CI 6155 and NPDES No. CA0057037*, which will assure that the reports are directed to the appropriate file and staff. Please do not combine your discharge monitoring reports with other reports. Please submit each type of report as a separate document.

We are sending the final copy of the permit only to the Discharger. For those on the mailing list who would like access to a copy of the final permit, please go to the Regional Board's website <http://www.waterboards.ca.gov/losangeles/>.

California Environmental Protection Agency

Our mission is to preserve and enhance the quality of California's water resources for the benefit of present and future generations.
