Dear Mr. Chu

TRANSMITTAL OF ORDER AMENDING WASTE DISCHARGE REQUIREMENTS (WDRs) AND NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT, AND TIME SCHEDULE ORDER – CALIFORNIA DEPARTMENT OF WATER RESOURCES, WILLIAM E. WARNE POWER PLANT (NPDES PERMIT NO. CA0059188, CI-6610)

Our letter dated February 1, 2012, transmitted the revised tentative amendment order and the revised tentative time schedule order (TSO) in response to your requests for the revision of the incorrect drainage sump flow in the current permit (Order No. R4-2010-0089) and for the issuance of a time schedule order to address the observed noncompliance with the effluent limitations for copper, lead, zinc, chlorodibromomethane, dichlorobromomethane and tetrachloroethylene included in the current permit.

Pursuant to Division 7 of the California Water Code, this Regional Water Board at a public hearing held on April 5, 2012, reviewed the tentative requirements, considered all factors in the case, and adopted Order No. R4-2010-0089-A01 and TSO No. R4-2012-0076.

Order R4-2010-0089-A01, the amendment Order, has the same expiration date of June 10, 2015, as in the original permit, Order No. R4-2010-0089. Section 13376 of the California Water Code requires that an application/Report of Waste Discharge for a new permit must be filed at least 180 days before the expiration date of the effective permit. The TSO No. R4-2012-0076 expires on June 1, 2016.

The requirements in Order No. R4-2010-0089-A01 and TSO No. R4-2012-0076 become effective on April 5, 2012. The first semiannual progress report required under the TSO No. R4-2012-0076 is due by the 15th of August 2012, as stipulated on page 8 of the TSO.

The Regional Water Board is implementing a paperless office system to reduce paper use, increase efficiency and provide a more effective way for our staff, the public and interested parties to view water quality documents. Therefore, please convert all regulatory documents, submissions, data and correspondence that you would normally submit to us as hard copies to a searchable Portable Document Format (PDF). Documents that are less than 10 megabytes (MB) should be emailed to losangeles@waterboards.ca.gov. Documents that are 10 MB or larger should be transferred to a disk and mailed to the address listed above. If you need additional

information regarding electronic submittal of documents please visit the Regional Water Board's website listed above and navigate to Paperless Office.

When submitting monitoring or technical/progress reports to the Regional Water Board as required by your Monitoring and Reporting Program or TSO, please continue to send them ATTN: Information Technology Unit and include a reference to Compliance File CI-6610 and NPDES No. CA0059188. This will assure that the reports are directed to the appropriate electronic file and staff. Also please do not combine other reports with your monitoring reports. Submit each type of report as a separate document.

If you have any questions, please contact Jau Ren Chen at (213) 576-6656.

Sincerely,

Cassandra D. Owens, Chief
Industrial Permitting Unit
