December 16, 2009

Ms. Erika Harding
LA Basin District Operations Manager
BP Pipelines (North America) Inc.
1300 Pier B Street
Long Beach, CA 90813-2705

Dear Ms. Harding:

ADOPTED WASTE DISCHARGE REQUIREMENTS AND NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT, BP PIPELINES (NORTH AMERICA) INC., LONG BEACH MARINE TERMINAL 2, LONG BEACH, CALIFORNIA (NPDES NO. CA0000442, CI NO. 6802)

Our letter dated October 23, 2009, transmitted the revised tentative waste discharge requirements for renewal of your permits to discharge wastes under the National Pollutant Discharge Elimination System (NPDES).

Pursuant to Division 7 of the California Water Code, this Regional Water Board at a public hearing held on December 10, 2009, reviewed the revised tentative requirements, considered all the factors in the case, and adopted Order No. R4-2009-0126 (copies enclosed) for your waste discharge. Order No. R4-2009-0126 serves as your NPDES permit and expires on November 10, 2014. Section 13376 of the California Water Code requires that an application and Report of Waste Discharge for a new permit must be filed at least 180 days before the expiration date.

You are required to implement the Monitoring and Reporting Program (MRP) on the effective date of this Order. The dates that the monitoring and annual reports must be received at the Regional Water Board Office are provided in the MRP. When submitting monitoring or technical reports to the Regional Board, as required by your "Monitoring and Reporting Program", please send them ATTN: Information Technology Unit and include a reference to "Compliance File No. 6802" for the Long Beach Marine Terminal 2. This will assure that the reports are directed to the appropriate file and staff. Also, please do not combine other reports with your monitoring reports. Submit each type of report as a separate document.

The complete final Order and Permit will be sent only to the Discharger. However, these documents are available on the Regional Water Board's website for your review. The Regional Water Board's web address is www.waterboards.ca.gov/losangeles/.

California Environmental Protection Agency

Our mission is to preserve and enhance the quality of California's water resources for the benefit of present and future generations.
