Dear Mr. Adams:

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT – EQUITY, TWO CALIFORNIA PLAZA BUILDING, 320 GRAND AVENUE, LOS ANGELES (NPDES CAG994001, CI-7098)

In our letter dated December 30, 1991, we informed you that the subject discharge is regulated under *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Groundwater Discharges from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, which also serves as your NPDES permit.

On April 5, 2006, you informed Regional Board staff that your discharge has been diverted to the sanitary sewer. Since the NPDES permit is no longer necessary, you requested termination of your coverage under the above-referenced General NPDES permit. On April 18, 2006, our staff inspected the facility and verified that there is no discharge to the storm drain.

Since there is no discharge, coverage under Board Order No. CAG994001 for the above-referenced project is hereby terminated except for enforcement purposes. If you have any questions, please contact Vilma Correa at (213) 576-6794.

Sincerely,
