Mr. Albert J. Lopez, Water Production/Operation Superintendent

Dear Mr. Lopez:

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT – CITY OF BURBANK, WELLS NOS. 7 AND 15, 164 WEST MAGNOLIA BOULEVARD, BURBANK, CALIFORNIA (NPDES NO. CAG994001, CI-7132)

The subject discharge is regulated under Order No. 97-045, *General National Pollutant Discharge Elimination System Permit and Waste Discharge Requirements for Groundwater Discharges from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*.

In an email dated November 14, 2005, you requested termination of the subject permit because the subject facility has not been in operation for more than two years. An inspection conducted by staff from this office found that there is no discharge of treated groundwater from the site to surface waters.

Since discharge of treated groundwater to surface waters has ceased at the site, an NPDES permit is not necessary and coverage under Board Order No. 97-045 for the subject site is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface waters become necessary, you must file a Report of Waste Discharge with this office and obtain Waste Discharge Requirements (WDRs) prior to discharging any groundwater from the site to surface waters. If you have any questions, please contact Gensen Kai at (213) 576-6651.

Sincerely,

Jonathan S. Bishop
