Dear Mr. Cohen:

**TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM AND WASTE DISCHARGE REQUIREMENTS—SUBURBAN WATER SYSTEMS, PLANTS 409 AND 410—SAN GABRIEL RIVER ESTUARY, LA MIRADA, CALIFORNIA (NPDES NO. CAG994005, CI-7717)**

In our letter dated October 16, 2003, we informed you that the subject discharge is regulated under Order No. R4-2003-0108, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges of Groundwater from Potable Water Supply Wells to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, which also serves as your NPDES permit.

Suburban Water Systems (Suburban) operates potable water supply wells located in the vicinity of their La Mirada service area. In order to manage the NPDES permit compliance more effectively, permits for wells that discharge into the same waterbody with identical water quality objectives can be combined into one permit. Consequently, Suburban has requested to consolidate its enrollment under the general NPDES permit to cover potable water supply wells grouped according to receiving waterbodies and/or stream reaches. On July 1, 2008, the Regional Board consolidated the enrollments of Well Nos. W1 and W3 in the same vicinity under one permit (CAG994005, Order No. R4-2003-0108, CI-7446). Therefore, coverage under Board Order No. R4-2003-0108, CI-7717 for the subject site is hereby terminated except for enforcement purposes.

If you have any questions, please contact Gensen Kai at (213) 576-6651.

Sincerely,

  
Tracy J. Egoscue
