

EDMUND G. BROWN JR.
GOVERNOR

MATTHEW RODRIGUEZ
SECRETARY FOR
ENVIRONMENTAL PROTECTION

Los Angeles Regional Water Quality Control Board

March 11, 2013

Mr. Paul M. Dinardo, Remediation Project Manager
United Technologies Corporation
4195 Saddle Lane
West Bloomfield Township, MI 48322

Dear Mr. Dinardo:

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM AND WASTE DISCHARGE REQUIREMENTS—CARRIER CORPORATION, 933 SOUTH AZUSA AVENUE, CITY OF INDUSTRY, CALIFORNIA (NPDES NO. CAG994004, CI-7786)

The subject discharge is regulated under Order No. R4-2008-0032, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges of Groundwater From Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on June 5, 2008.

We have reviewed your June 20, 2012, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that the treated groundwater from the project site has been diverted to Rowland Water District's recycle water line system and the permit is no longer needed. On January 15, 2012, Board staff inspected the project site and verified that there is no discharge of groundwater from the project site to the storm drain system. Since there is no discharge of groundwater from the project site, the coverage under Board Order R4-2008-0032, General NPDES Permit No. CAG994004, CI-7786 for the facility is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface waters or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Namiraj Jain at (213) 620-6003.

Sincerely,

Samuel Unger, P.E.
Executive Officer
