Los Angeles, CA 90025

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT AND WASTE DISCHARGE REQUIREMENTS – CITY OF SANTA MONICA, CHARNOCK PILOT TEST PLANT GROUWDWATER PILOT TESTING PROJECT, SANTA MONICA, CALIFORNIA (NPDES NO. CAG994004, CI 7841)

Dear Ms. Cardenas:

In our letter dated December 23, 2008, we informed you that the subject discharge is regulated under Order No. R4-2008-0032, *General NPDES and Waste Discharge Requirements for Groundwater Discharges from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Regional Board on June 5, 2008.

On June 19, 2012, you informed Regional Board staff that the subject project was completed and the NPDES permit is no longer needed. You requested termination of your coverage under the above-referenced General NPDES permit.

On August 1, 2012, staff inspected the facility and verified that there is no discharge to the storm drain. Since there is no discharge of groundwater from the site, coverage under Order No. R4-2008-0032 for the subject facility is hereby terminated except for enforcement purposes.

If you have any questions, please contact Alex Carlos at 213-576-6726 or by email at acarlos@waterboards.ca.gov.

Sincerely,

Samuel Unger, P.E.
Executive Officer

Ms. Myriam Cardenas
