Redondo Beach, CA 90277

VIA CERTIFIED MAIL  
RETURN RECEIPT REQUESTED  
NO. 7009 0820 0001 6812 0714

Dear Ms. Healy:

### **WASTE DISCHARGE REQUIREMENTS – CITY OF REDONDO BEACH, SEASIDE LAGOON (NPDES NO. CA0064297, CI NO. 8034)**

Our letters dated February 18, 2010, July 14, 2010, September 21, 2010, and September 30, 2010, transmitted the tentative Waste Discharge Requirements (WDRs) and revised tentative WDRs, respectively for renewal of your National Pollutant Discharge Elimination System (NPDES) permit.

Pursuant to Division 7 of the California Water Code, this Regional Water Board at a public hearing held on October 7, 2010, reviewed the revised WDRs, considered all factors in the case, and adopted the proposed NPDES permit with changes.

The copy of the adopted permit that was e-mailed on September 18, 2010, did not include the latest revision date of October 7, 2010, on page 1 of the Order. On October 7, 2010, at the Board meeting, a minor revision was made by the Board members to the September 30, 2010, revised WDRs. The modification included adding the following words at the end of section VII.B.2.d in the Fact Sheet "with regards to both metals and TSS." The revision, is on page F-40 at the end of VII.B.2.d.

The adopted Order (Order R4-2010-0185) expires on September 10, 2015. Section 13376 of the California Water Code requires that an application/Report of Waste Discharge for a new permit must be filed at least 180 days before the expiration date.

The "Monitoring and Reporting Program" requires you to implement the monitoring program on the effective date of this Order (November 6, 2010). (Your first monitoring report for the period from November 6, 2010 to December 31, 2010, is due by March 1, 2011). Monitoring reports should be sent to the Regional Water Board, ATTN: Information Technology Unit.

When submitting monitoring or technical reports to the Regional Water Board per these requirements, please include a reference to Compliance File CI-8034 and NPDES No.

*Our mission is to preserve and enhance the quality of California's water resources for the benefit of present and future generations.*

Ms. Maggie Healy  
City of Redondo Beach  
Seaside Lagoon

-2-

October 21, 2010

CA0064297, which will assure that the reports, are directed to the appropriate file and staff. Please do not combine your discharge monitoring reports with other reports, such as Work Plan for Special Study report. Submit each type of report as a separate document.

We are sending the paper copy of the permit to the Discharger only. For those on the mailing list or other interested parties who would like access to a copy of the order, please go to the Regional Water Board's website at:

[http://www.waterboards.ca.gov/losangeles/board decisions/adopted orders/by permits tools.shtml](http://www.waterboards.ca.gov/losangeles/board%20decisions/adopted%20orders/by%20permits%20tools.shtml).

If you have any questions, please contact Mazhar Ali at (213) 576-6652.

Sincerely,

Cassandra D. Owens, Chief  
Industrial Permitting Unit
