Mr. Todd Galati  
Chromalloy Los Angeles  
3636 Arrowhead Drive  
Carson City, Nevada 89706

Dear Mr. Galati:

**TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—CHROMIZING COMPANY, CHROMALLOY LOS ANGELES, 2100 W. 139<sup>TH</sup> STREET, GARDENA, CALIFORNIA (CAG914001, CI—8562)**

The subject discharge is regulated under Order No. R4-2002-0107, *General National Pollutant Discharge Elimination System Permit and Waste Discharge Requirements for Treated Groundwater from Investigation and/or Cleanup of Volatile Organic Compounds Contaminated-Sites to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, which also serves as your NPDES permit.

On June 1, 2007, you submitted a Notice of Intent (NOI) Form and the analytical results of representative groundwater samples from your facility to continue enrollment under the General NPDES permit. Board staff has determined that the groundwater discharge from your facility is more appropriately regulated under General NPDES Permit No. CAG994004, Order No. R4-2003-0111, adopted by this Board on August 7, 2003.

On September 11, 2007, General NPDES Permit No. CAG994004, Order No. R4-2003-0111 with a revised Monitoring and Reporting Program was issued to Chromizing Company for the discharge of groundwater from the cleanup project into the Dominguez Channel. Since the existing permit has been superseded by Order No. R4-2003-0111, coverage under NPDES Permit No. CAG914001, Order No. R4-2002-0107 for the subject facility is hereby terminated, except for enforcement purposes.

If you have any questions, please contact Vilma Correa at (213) 576-6794.

Sincerely,

Deborah J. Smith  
Interim Executive Officer
