Dear Mr. Lentini:

We have received a letter dated October 31, 2005, from your consultant, Wayne Perry, Inc. (WPI), requesting that we terminate your enrollment under the General Waste Discharge Requirements (Order R-4-2002-0030), for the addition of oxygen release compound (ORC). In the letter, WPI indicated that there have been seven sampling events of monitoring wells over a 14-month period as required. The addition of ORC to the site was a one-time event related to the excavation of soil at the site.

Since there is no addition of ORC at the site, coverage under Board Order No. R-4-2002-0030 for the facility is hereby terminated.

If you have any questions concerning this matter, please call Dr. Yue Rong at (213) 576-6710 or Mrs. Mercedes Hsu at (213) 576-6712.

Sincerely,
