Santa Ana, CA 92799-5376

Dear Mr. Truzzolino:

**WASTE DISCHARGE REQUIREMENTS AND MONITORING AND REPORTING PROGRAM
FOR FORMER 76 STATION NO. 5195, 16205 LEFFINGWELL ROAD, WHITTIER,
CALIFORNIA (FILE NO. I-11042)**

Our letter of January 20, 2004, transmitted revised tentative Waste Discharge Requirements (WDRs) and a Monitoring and Reporting Program (MRP) for former 76 Station #5195.

Pursuant to Division 7 of the California Water Code, this Regional Board at a public meeting held on March 4, 2004, reviewed the revised tentative WDRs and MRP, considered all factors in the case, and adopted WDRs Order No. R4-2004-0049 and MRP No. CI-8723 (copies enclosed) relative to this discharge. Standard Provisions, which are a part of the WDRs, are also enclosed.

You are required to implement the new Monitoring and Reporting Program No. CI-8723 on the effective date of Order No. R4-2004-0049. Your first monitoring report under these Requirements is due to this Regional Board by July 15, 2003. All monitoring reports should be sent to the Regional Board, Attn: Information Technology Unit, and referenced to our Compliance File No. CI-8723.

We are sending the WDRs and MRP to the discharger (ConocoPhillips Company) only. For recipients on the mailing list, an electronic or hard copy of these enclosures will be furnished upon request. If you have any questions or need additional information, please call Dr. Kwang-il Lee at (213) 620-2269 or David Koo at (213) 620-6155.

Sincerely,

Paula Rasmussen. Section Chief
Enforcement and Groundwater Permitting
