**REVISED GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT AND WASTE DISCHARGE REQUIREMENTS – LOS ANGELES COUNTY DEPARTMENT OF PUBLIC WORKS, HOLLYHILLS DRAIN UNIT 8B, PHASE 1 & 2 PROJECTS, ORLANDO AVENUE & ROSEWOOD AVENUE, LOS ANGELES, CALIFORNIA (NPDES NO. CAG994004, CI-8738)**

Dear Mr. Jordan:

In our letter dated April 19, 2004, we authorized the discharge of treated groundwater from the construction of Hollyhills Drain Unit 8B, Phase 1 Project under the NPDES General Permit No. CAG994004, Order No. R4-2003-0111; *General National Pollutant Discharge Elimination System Permit and Waste Discharge Requirements for Discharges of Groundwater From Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on August 7, 2003.

We have received and reviewed your February 9, 2005, submittal requesting to include your Phase 2 Project (which is an extension of your Phase 1 Project) under your coverage for the above referenced general permit. We have no objection to including the proposed discharge from the Phase 2 construction activities under the general permit.

The discharge limitations in Part E.1.a. and b. of Order No. R4-2003-0111 for the specific constituents listed on the Table with the enclosed Fact Sheet are applicable to your discharge. The groundwater discharge flows to the Ballona Creek. Therefore, the discharge limitations listed in Attachment B. are not applicable to your discharge.

The Monitoring and Reporting Program requires you to implement the monitoring program on the effective date of coverage under this permit. All monitoring reports should be sent to the Regional Board, ATTN: Information Technology Unit. When submitting monitoring or technical reports to the Regional Board per these requirements, please include a reference to "Compliance File No. CI-8738 and NPDES No. CAG994004", which will assure that the reports are directed to the appropriate file and staff. Also, please do not combine other reports with your monitoring reports. Submit each type of report as a separate document.
