Mr. Fred Mautner
Shatto Investment Company
3715 Valley Meadow Road
Encino, CA 91436

**TERMINATION OF COVERAGE UNDER GENERAL WASTE DISCHARGE
REQUIREMENTS – DISCHARGE REQUIREMENTS FOR INJECTION OF OZONE INTO
GROUNDWATER – SHATTO INVESTMENT COMPANY, 3151 WEST 6TH STREET, LOS
ANGELES, CA (ORDER NO. R4-2005-0030, SERIES NO. 010, CI-8921)**

Dear Mr. Mautner:

In our letter dated July 12, 2005, we informed you that the subject discharge is regulated under Order No. R4-2005-0030, (Series No. 010), which specifies your Waste Discharge Requirements (WDR).

In a letter dated March 31, 2008, you notified the Regional Board that the in-situ remediation of total petroleum hydrocarbons performed for the site is complete and that you requested termination of the WDR.

The monitoring results were provided to the Regional Board in quarterly monitoring reports. Since you have completed the in-situ remediation and no longer need the WDR, the coverage under Board Order No. R4-2005-0030, (Series No. 010), for the subject facility is hereby terminated with the exception of enforcement under the term of the permit.

If you have any questions, please contact the Project Manager, Mr. Daniel Piroton, at (213) 576-6714 or the Chief of Groundwater Permitting Unit, Dr. Rebecca Chou, at (213) 620-6156.

Sincerely,

Tracy J. Egoscue
Executive Officer
