TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—RIVER PARK LEGACY, LLC, SATICOY OPERATIONS YARD, ROUTE 118, SATICOY, CALIFORNIA (CAG994004, CI—8934)

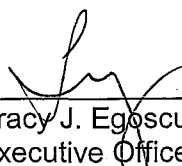

Dear Mr. Seeman:

In our letter dated August 2, 2005 we informed you that the subject discharge is regulated under Order No. R4-2003-0111, *General NPDES and Waste Discharge Requirements for Groundwater Discharges from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, which also serves as your NPDES permit.

On February 26, 2009, you informed Regional Board staff that the above-referenced project was completed in May 2006. Since the NPDES permit is no longer necessary, you requested termination of your coverage under the above-referenced General NPDES permit. On March 19, 2009, our staff inspected the facility and verified that there is no discharge to the Santa Clara River.

Since there is no discharge from the site to the storm drain, coverage under Board Order No. R4-2003-0111 for the subject facility is hereby terminated except for enforcement purposes. Please note that if future discharges of groundwater to surface water becomes necessary, you must file a Report of Waste Discharge with this office and obtain Waste Discharge Requirements (WDRs) prior to discharging any groundwater from the site to surface waters. If you have any questions, please contact Vilma Correa at (213) 576-6794.

Sincerely,

Tracy J. Egoscue
Executive Officer
