Dear Ms. Olmstead:

On July 26, 2005, this Regional Water Quality Control Board (Regional Board) informed you that the subject discharge is regulated under Regional Board Order No. R4-2005-0030 which specifies your Waste Discharge Requirements (WDR).

In the letter dated March 20, 2012, you notified the Regional Board that you ceased injection of carbon sources and tracer compounds at the subject site and that you requested termination of the WDR.

Since ITT Industries Inc. has no plan to inject carbon sources and tracer compounds in the future, the coverage for the subject facility, under Regional Board Order No. R4-2005-0030, is hereby terminated with the exception of enforcement under the terms of the permit.

If you have any questions, please contact the Project Manager, Dr. Ann Chang at (213) 620-6122 or the Chief of Groundwater Permitting Unit, Dr. Eric Wu at (213) 576-6683.

Sincerely,
