Mr. Rick Raives, City Engineer

P.O. Box 99
Ventura, CA 93002-0099

Dear Mr. Raives:

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—CITY OF VENTURA, DEPARTMENT OF PUBLIC WORKS, 430 WATER PRESSURE ZONE PIPELINE PROJECT, BLACKBURN ROAD & WELLS ROAD, VENTURA, CALIFORNIA (NPDES NO. CAG994004, CI-9000)

In our letter dated December 29, 2005, we informed you that the subject discharge is regulated under Order No. R4-2003-0111, *Waste Discharge Requirements for Discharges of Groundwater From Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on August 7, 2003, which also serves as your NPDES permit.

We have received and reviewed your October 13, 2008 letter, requesting termination of your coverage under the General Permit. The letter indicated that the subject project was completed in September 2007.

On December 12, 2008, Board staff inspected the project site and verified that there is no discharge of groundwater from the project site to the storm drain. Since there is no discharge of groundwater from the project site, coverage under Board Order No. R4-2003-0111, General NPDES Permit No. CAG994004, for the subject project is hereby terminated except for enforcement purposes.

Please note that if future discharge of any groundwater to surface water become necessary at the site, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Dr. James Tang at (213) 576-6696.

Sincerely,

Tracy J. Egoscue
