Dear Mr. Asadorian:

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM AND WASTE DISCHARGE REQUIREMENTS – PLATINUM PARADIGM PROPERTIES LLC, PARKING STRUCTURE, 375 N. CRESCENT DRIVE, BEVERLY HILLS, CALIFORNIA (NPDES NO. CAG994004, CI-9032)

The subject discharge is regulated under Order No. R4-2008-0032, *General National Pollutant Discharge Elimination System Permit and Waste Discharge Requirements for Groundwater Discharges from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on June 6, 2013.

We have reviewed your recent email, requesting termination of your coverage under the General Permit. The letter indicated that you have stopped discharging from the above-referenced facility to surface water and that the subject NPDES permit is no longer needed.

On January 16, 2015, Board staff inspected the project site and found that there was no discharge of groundwater from the facility to surface water. In your email dated February 5, 2015, you provided photos showing that the piping connecting the groundwater sink to storm water drain had been disconnected. Since there is no discharge of groundwater from the facility, coverage under Board Order R4-2008-0032, General NPDES Permit No. CAG994004 for the facility is hereby terminated, except for enforcement purposes.

Please note that if future discharges of groundwater to surface waters or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Gensen Kai at (213) 576-6651.

Sincerely,

Samuel Unger, P.E.
Executive Officer
