### **COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT AND WASTE DISCHARGE REQUIREMENTS – UNITED WATER CONSERVATION DISTRICT, J STREET AND PLEASANT VALLEY ROAD WATER PIPELINE REPAIR PROJECT, OXNARD, CALIFORNIA (NPDES NO. CAG994004, CI-9039)**

Dear Ms. Wisehart:

We have completed our review of your application for a permit to discharge waste under the National Pollutant Discharge Elimination System (NPDES). You propose to discharge up to 7,000 gallons per day of groundwater from the above-referenced construction project.

Based on the information provided, the proposed discharge of groundwater meets the conditions to be regulated under Order No. R4-2003-0111, *General National Pollutant Discharge Elimination System Permit and Waste Discharge Requirements for Discharges of Groundwater From Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on August 7, 2003.

Enclosed are your Waste Discharge Requirements, which also serve as your General NPDES Permit, consisting of Order No. R4-2003-0111 and Monitoring and Reporting Program No. CI-9039. The discharge limitations in Part E.1.a and c of Order No. R4-2003-0111 for the specific constituents listed on the Table with the enclosed Fact Sheet are applicable to your discharge.

The groundwater discharge flows into concrete lined J Street drainage channel thence, to the Ormond Beach. Therefore, the discharge limitations listed in Attachment B are not applicable to your discharge.

The Monitoring and Reporting Program requires you to implement the monitoring program on the effective date of coverage under this permit. All monitoring reports should be sent to the Regional Board, ATTN: Information Technology Unit. When submitting monitoring or technical reports to the Regional Board per these requirements, please include a reference to "Compliance File No. CI-9039 and NPDES No. CAG994004", which will assure that the reports are directed to the appropriate file and staff. Also, please do not combine other reports with your monitoring reports. Submit each type of report as a separate document.

In order to avoid future annual fees, please submit written notification when the project has been completed and the permit is no longer needed.

***California Environmental Protection Agency***

*Our mission is to preserve and enhance the quality of California's water resources for the benefit of present and future generations.*

We are sending Board Order No. R4-2003-0111 only to the applicant. For those on the mailing list, please refer to the Board Order sent to you previously or download a copy of the Order from our website at: [http://www.waterboards.ca.gov/losangeles/html/permits/general\\_permits.html](http://www.waterboards.ca.gov/losangeles/html/permits/general_permits.html).

If you have any questions, please contact Namiraj Jain at (213) 620-6003.

Sincerely,

Jonathan S. Bishop  
Executive Officer
