TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—AZUSA LAND PARTNERS, LLC, ROSEDALE DEVELOPMENT PROJECT, SIERRA MADRES AND NOBHILL AVENUE, AZUSA (CAG674001, CI—9064)

Dear Mr. Rulon:

In our letter dated April 21, 2006, we informed you that the subject discharge is regulated under Order No. R4-2004-0109, *General NPDES and Waste Discharge Requirements for Discharges of Low Threat Hydrostatic Test Water to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, which also serves as your NPDES permit.

In your letter dated January 9, 2009, you informed Regional Board staff that the above-referenced project was completed in February 2007. Since the NPDES permit is no longer necessary, you requested termination of your coverage under the above-referenced General NPDES permit. On January 22, 2009, Regional Board staff inspected the facility and verified that there is no discharge to surface waters from the project.

Since there is no discharge from the site to the storm drain, coverage under Board Order No. R4-2004-0109 for the subject facility is hereby terminated except for enforcement purposes. Please note that if future discharges of groundwater to surface water becomes necessary, you must file a Report of Waste Discharge with this office and obtain Waste Discharge Requirements (WDRs) prior to discharging any groundwater from the site to surface waters. If you have any questions, please contact Vilma Correa at (213) 576-6794.

Sincerely,

Tracy J. Egoscue
Executive Officer
