Dear Mr. Hoagland:

COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM AND WASTE DISCHARGE REQUIREMENTS – LOS ANGELES COUNTY- DEPARTMENT OF PUBLIC WORKS, LOW FLOW DIVERSION PROJECT 5243, WASHINGTON BOULEVARD AND THATCHER AVENUE, MARINA DEL REY (NPDES NO. CAG994004, CI-9065)

We have completed our review of your application for a permit to discharge waste under the National Pollutant Discharge Elimination System (NPDES).

Based on the information provided, the proposed discharge of groundwater meets the conditions to be regulated under Order No. R4-2003-0111, *General National Pollutant Discharge Elimination System Permit and Waste Discharge Requirements for Groundwater Discharges from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on August 7, 2003.

Enclosed are your Waste Discharge Requirements, which also serve as your NPDES permit, consisting of Order No. R4-2003-0111 and Monitoring and Reporting Program No. CI-9065. The discharge limitations in Part E.1.a of Order No. R4-2003-0111 for the specific constituents listed on the Table with the enclosed Fact Sheet is applicable to your discharge. The groundwater discharge from the project drains into Oxford Detention Basin, thence into the Marina Del Rey. Therefore, the discharge limitations in Attachment B of Order No. R4-2003-0111 are not applicable to your discharge. Prior to starting discharge, a representative sample of the effluent shall be obtained and analyzed to determine compliance with the discharge limitations.

The Monitoring and Reporting Program requires you to implement the monitoring program on the effective date of this permit. All monitoring reports should be sent to the Regional Board, ATTN: Information Technology Unit. When submitting monitoring or technical reports to the Regional Board per these requirements, please include a reference to "Compliance File No. CI-9065 and NPDES No. CAG994004", which will assure that the reports are directed to the appropriate file and staff. Also, please do not combine other reports with your monitoring reports. Submit each type of report as a separate document.
