

Los Angeles Regional Water Quality Control Board

May 8, 2015

Ms. Ruth B. Davis, Trustee
c/o Howard Rosen, Esq.
2759 Casiano Road
Los Angeles, CA 90745

Dear Ms. Davis:

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM AND WASTE DISCHARGE REQUIREMENTS—RUTH B. DAVIS TRUST, UNITED OIL COMPANY STATION #65, 300 W. CARSON STREET, CARSON, CALIFORNIA (NPDES NO. CAG834001, CI-9135)

The subject discharge is regulated under Order No. Order No. R4-2013-0042, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges of Treated Groundwater and Other Wastewaters From Investigation and/or Cleanup of Petroleum Fuel-Contaminated Sites to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on March 7, 2013.

We have reviewed your July 3, 2014, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that groundwater from the site will be stored in a tank and transported to a treatment facility for further processing and the permit is no longer needed. On April 30, 2015, Board staff inspected the project site and verified that there is no discharge of groundwater from the project site to the storm drain. Since there is no discharge of groundwater from the site, coverage under Board Order R4-2013-0042, General NPDES Permit No. CAG834001, CI-9135 for the facility is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface waters or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Namiraj Jain at (213) 620-6003.

Sincerely,

Samuel Unger, P.E.
Executive Officer
