

Los Angeles Regional Water Quality Control Board

June 3, 2014

Mr. Tom Coleman
Bellflower-Somerset Mutual Water Company
10016 Flower Street
Bellflower, CA 90706

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM AND WASTE DISCHARGE REQUIREMENTS— BELLFLOWER-SOMERSET MUTUAL WATER COMPANY, POTABLE WELLS REHABILITATION PROJECT, BETWEEN MAPLEDALE ST. AND ROSE ST., BELLFLOWER, CALIFORNIA (NPDES NO. CAG994005, CI-9274)

Dear Mr. Coleman:

In our letter dated June 21, 2007, we informed you that the subject discharge is regulated under Order No. R4-2003-0108, *Waste Discharge Requirements for Discharges of Groundwater from Potable Water Supply Wells to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties (General NPDES Permit No. CAG994005)*, which also serves as your NPDES permit.

On May 21, 2014, Bellflower-Somerset Mutual Water Company (BSMWC) informed the Regional Board that the BSMWC has concluded all discharges related to the subject project. Since the NPDES permit is no longer necessary, BSMWC requested termination of coverage under the above-referenced General NPDES permit.

On June 2, 2014, Regional Board staff inspected the subject project site and verified that there is no discharge of groundwater from the site to surface water. Therefore, coverage under Board Order No. R4-2003-0108 for the subject project is hereby terminated, except for enforcement purposes.

Please note that if future discharges of groundwater to surface water or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate Waste Discharge Requirements.

If you have any questions, please contact Alex Carlos at 213-576-6726.

Sincerely,

Samuel Unger, P.E.
Executive Officer

Mr. Tom Coleman
