Mr. Richard Cameron
Director of Environmental Planning
The Port of Long Beach
925 Harbor Plaza
Long Beach, CA 90802

**TERMINATION OF COVERAGE UNDER GENERAL WASTE DISCHARGE REQUIREMENTS
– GROUNDWATER AREA 1 AND AREA 2, PIER A WEST/AREA 2 SITE REMEDIATION,
WILMINGTON, CALIFORNIA (SCP NO. 1198, SITE ID NO. 2040246, WDR NO. R4-2007-0019,
CI-9416)**

Dear Mr. Cameron:

In our letter dated May 28, 2008, we informed you that the subject discharge is regulated under Order No. R4-2007-0019, which also serves as your Waste Discharge Requirements (WDR).

In the letter dated June 16, 2009, you requested termination of coverage under WDR Order No. R4-2007-0019. The latest report, *Chemical Oxidation Pilot Test Completion Report*, dated April 14, 2009, prepared by URS Corporation and Accord Engineering, was submitted to the Regional Board providing the monitoring results and conclusions of the pilot test.

Since the pilot test is completed, the WDR is no longer needed, the coverage under WDR Order No. R4-2007-0019 with Monitoring and Reporting Program No. CI-9416 for the subject facility is hereby terminated.

If you have any questions, please contact Ms. Thizar Tintut-Williams at (213) 576-6723.

Sincerely,

Tracy J. Egoscue
Executive Officer
