**TERMINATION OF COVERAGE UNDER GENERAL WASTE DISCHARGE
REQUIREMENTS – FIRESTONE TIRE AND SERVICE CENTER (FORMER P&M SERVICE
STATION NO.985), 17501 EAST COLIMA ROAD, CITY OF INDUSTRY (ORDER NO. R4-2007-
0019, SERIES NO. 067, CI-9429)**

Dear Ms. Hamlin:

In our letter dated July 03, 2008, we informed you that the subject discharge is regulated under Order No. R4-2007-0019, (Series No. 067), which specifies your Waste Discharge Requirements (WDR).

In a letter dated February 03, 2010, you notified the Regional Board that you ceased ORC injection for this site and that you requested termination of the WDR.

The monitoring results were provided to the Regional Board in quarterly monitoring reports. Since you have completed the in-situ remediation and no longer need the WDR, the coverage under Board Order No. R4-2007-0019, (Series No. 067), for the subject facility is hereby terminated with the exception of enforcement under the term of the permit.

If you have any questions, please contact the Project Manager, Noman Chowdhury, at (213) 620-2122 or the Chief of Groundwater Permitting Unit, Dr. Rebecca Chou, at (213) 620-6156.

Sincerely,
