### GENERAL WASTE DISCHARGE REQUIREMENTS (ORDER NO. 93-010) FOR SPECIFIED DISCHARGES TO GROUNDWATER – VENTURA COUNTY WATERSHED PROTECTION DISTRICT, VENTURA, CALIFORNIA (CI-9463, File No. 08-147)

Dear Mr. Lagier,

In our letter dated November 4, 2008, we informed you that the subject discharge is regulated under Order No. 93-010, which specifies your Waste Discharge Requirements (WDR).

In a letter dated March 10, 2009, you notified the Regional Board that the reconstruction of the rock riprap stabilizer and adjacent riprap bank revetment has been completed. In this letter you informed the Regional Board that there will be no further groundwater discharge from the subject project and you requested termination of the WDR.

Since you have completed the construction and no longer need the WDR, the coverage under Board Order No. 93-010, CI No. 9463 for the subject facility is hereby terminated with the exception of enforcement under the term of the permit.

If you have any questions, please contact Project Manager, Mr. Orlando Gonzalez, at (213) 620-2267 or Chief of Groundwater Permitting Unit, Dr. Rebecca Chou, at (213) 620-6156.

Sincerely,

  
Tracy J. Egoscue  
Executive Officer
