**TERMINATION OF COVERAGE UNDER GENERAL WASTE DISCHARGE
REQUIREMENTS – FORMER MOBIL SERVICE STATION 18GHD, 13440 E. FIRESTONE
BLVD., SANTA FE SPRINGS, LOS ANGELES COUNTY, CA (ORDER NO. R4-2007-0019,
SERIES NO. 089, CI-9478)**

Dear Mr. Puig:

In our letter dated January 9, 2009, we informed you that the subject discharge is regulated under Order No. R4-2007-0019, (Series No. 089), which specifies your Waste Discharge Requirements (WDR).

In a letter dated June 17, 2010, you notified the Regional Board that you ceased fenton's reagent injection for this site and that you requested termination of the WDR.

Because the ongoing remediation does not plan to continue to inject fenton's reagent, you no longer need the WDR. The coverage under Board Order No. R4-2007-0019, (Series No. 089) for the subject facility is hereby terminated with the exception of enforcement under the term of the permit.

If you have any questions, please contact the Project Manager, Mr. Noman Chowdhury, at (213) 576-6704 or the Acting Section Chief of Groundwater Permitting and Landfills, Dr. Rebecca Chou, at (213) 620-6156

Sincerely,

Samuel Unger, P.E.
Interim Executive Officer
