

## Los Angeles Regional Water Quality Control Board

October 22, 2018

Mr. Kevin P. Hunt  
Central Basin Municipal Water District  
6252 Telegraph Road,  
Commerce, CA 90040-2512

**TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—CENTRAL BASIN MUNICIPAL WATER DISTRICT, CENTURY DISTRIBUTION SYSTEM, 16515 PIUMA AVENUE, CERRITOS, CALIFORNIA (NPDES NO. CAG994004, CI—9658)**

Dear Mr. Hunt:

In our letter dated November 14, 2013, we informed you that the subject discharge is regulated under Order No. R4-2013-0095, *General National Pollutant Discharge Elimination System Permit and Waste Discharge Requirements for Groundwater Discharges from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on June 6, 2013.

We have reviewed your September 20, 2018, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that no hydrostatic testing or flushing occurred from the Central Basin Century Distribution System and that the subject NPDES permit is no longer needed.

On October 8, 2018, Board staff inspected the project site and verified that there is no discharge of wastewater from the project site to the storm drain. Since there is no discharge of wastewater from the project site, coverage under Board Order No. R4-2013-0095, General NPDES Permit No. CAG994004, CI-9658 for the facility is hereby terminated except for enforcement purposes.

Please note that if future discharges of wastewater to surface water or land becomes necessary, you must file a Report of Waste Discharge with this office and obtain appropriate Waste Discharge Requirements (WDRs) prior to discharging any groundwater from the site to surface waters or land.

If you have any questions, please contact Vilma Correa at (213) 576-6794.

Sincerely,

for Deborah J. Smith  
Executive Officer
