CERTIFIED MAIL  
RETURN RECEIPT REQUESTED  
CLAIM NO. 7018 2290 0001 8905 2626

**TERMINATION OF WASTEWATER DISCHARGE REQUIREMENTS FOR OUR LADY OF MALIBU CATHOLIC CHURCH AT 3625 WINTER CANYON ROAD, MALIBU, CA 90265 (ORDER NO. 01-031, SERIES NO. 135, CI-9695, FILE NO. 09-042, GLOBAL ID WDR100000997)**

Dear Ms. Thomas:

The Los Angeles Regional Water Quality Control Board (Regional Water Board), is the public agency with primary responsibility for the protection of ground and surface water quality for all beneficial uses of water within major portions of Los Angeles and Ventura Counties. Our Lady of Malibu Catholic Church (Facility) is located within the Regional Water Board's jurisdiction.

On September 23, 2011, the Facility was authorized to discharge wastewater to land under the General Waste Discharge Requirements for Small Commercial and Multifamily Residential Subsurface Sewage Disposal Systems, Order No. 01-031, adopted by the Regional Board on February 22, 2001. The Facility is equipped with an onsite wastewater treatment system consisting of seven (7) septic tanks with a total volume of 9,750 gallons, twelve (12) seepage pits, and a leach field. The estimated maximum daily volume of wastewater being discharged into the septic system is less than 6,100 gallons per day.

On November 5, 2009, the Regional Water Board adopted Resolution No. R4-2009-007 approving an amendment to Chapter 4 of the Water Quality Control Plan for the Coastal Watersheds of Los Angeles and Ventura Counties (Basin Plan), to prohibit on-site wastewater disposal systems (OWDSs) in the Malibu Civic Center Area (Basin Plan Amendment). The Basin Plan Amendment requires that all commercial discharges to OWDSs in the Malibu Civic Center Area cease by November 5, 2015. In August 2011, the Regional Water Board, the State Water Resources Control Board, and the City of Malibu (City) entered into a Memorandum of Understanding, which was subsequently revised on December 4, 2014 and February 2, 2017, for the City to construct and startup the Malibu Civic Center Wastewater Treatment Facility (MCCWTF) and connect commercial properties within the Phase I boundaries, including the Facility, by September 30, 2018.

On October 30, 2018, the City reported that the wastewater generated from this Facility was diverted to the MCCWTF before the September 30, 2018 deadline. Therefore, permit coverage

---

IRMA MUÑOZ, CHAIR | RENEE PURDY, EXECUTIVE OFFICER

320 West 4th St., Suite 200, Los Angeles, CA 90013 | [www.waterboards.ca.gov/losangeles](http://www.waterboards.ca.gov/losangeles)

under General WDR Order No. 01-031 and the associated monitoring and reporting program CI No. 9695 are no longer needed and are hereby terminated.

If you have any questions, please contact the Project Manager, Dr. Don Tsai, at (213) 620-2264 ([Don.Tsai@waterboards.ca.gov](mailto:Don.Tsai@waterboards.ca.gov)), or the Chief of Groundwater Permitting Unit, Dr. Eric Wu at (213) 576-6683 ([Eric.Wu@waterboards.ca.gov](mailto:Eric.Wu@waterboards.ca.gov)).

Sincerely,

Renee Purdy

Executive Officer, Los Angeles Regional Water Quality Control Board
