

## Los Angeles Regional Water Quality Control Board

February 21, 2013

Mr. Hamid Zerehi  
Sabra Gas and Oil  
1105 North Gaffey Street  
San Pedro, CA 90731

Dear Mr. Zerehi:

**TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM AND WASTE DISCHARGE REQUIREMENTS—SABRA GAS AND OIL, CHEVRON GAS STATION, 1105 NORTH GAFFEY STREET, SAN PEDRO, CALIFORNIA (NPDES NO. CAG994004, CI-9732)**

The subject discharge is regulated under Order No. R4-2008-0032, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges of Groundwater From Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on June 5, 2008.

We have reviewed your December 5, 2012, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that underground storage tank construction project did not start as planned and the permit is no longer needed. On February 19, 2013, Board staff inspected the project site and verified that there is no discharge of groundwater from the project site to the storm drain. Since there is no discharge of groundwater from the site coverage under Board Order R4-2008-0032, General NPDES Permit No. CAG994004, CI-9732 for the facility is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface waters or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Namiraj Jain at (213) 620-6003.

Sincerely,

  
Samuel Unger, P.E.  
Executive Officer

Mr. Hamid Zerehi  
Sabra Gas and Oil
