## Los Angeles Regional Water Quality Control Board

March 20, 2015

Mr. Madhu Chanani  
Alpine Shell  
2448 Sepulveda Boulevard  
Torrance, California 90501

### **TERMINATION OF COVERAGE UNDER GENERAL WASTE DISCHARGE REQUIREMENTS – ALPINE SHELL, 701 WEST TORRANCE BOULEVARD, TORRANCE, CALIFORNIA (ORDER NO. R4-2007-0019, SERIES NO. 167, CI-9743, GLOBAL ID. WDR100000547)**

Dear Mr. Chanani,

On September 27, 2012, this Regional Water Quality Control Board (Regional Board) informed you that the subject discharge is regulated under Regional Board Order No. R4-2007-0019, which specifies your Waste Discharge Requirements (WDR).

In a letter dated March 12, 2015, you notified the Regional Board that you ceased injection of sodium persulfate and sodium hydroxide at the subject site and requested termination of the WDR.

Since you have no plan to inject sodium persulfate and sodium hydroxide in the future, the coverage for the subject facility under Regional Board Order No. R4-2007-0019 is hereby terminated, with the exception of enforcement under the terms of the permit.

If you have any questions, please contact the Project Manager, Dr. Ann Chang at (213) 620-6122 ([ann.chang@waterboards.ca.gov](mailto:ann.chang@waterboards.ca.gov)), or the Chief of Groundwater Permitting Unit, Dr. Eric Wu at (213) 576-6683 ([eric.wu@waterboards.ca.gov](mailto:eric.wu@waterboards.ca.gov)).

Sincerely,

  
Samuel Unger, P.E.  
Executive Officer
