Mr. Joshua Cwikla
Los Angeles Regional Water Quality Control Board
320 W. 4th Street, Suite 200
Los Angeles, CA 90013

Subject: Follow-up Correspondence to 18 December 2015 Information Order Request Pertaining to the Disposal of Well Drilling Fluids, Well Completion Fluids, and/or Production Fluids for Ventura County

Dear Mr. Cwikla:

Seneca Resources Corporation (Seneca) owns, operates, and explores for oil and gas in the Sespe Oilfield located in Ventura County. Disposal practices in the Sespe field include the collection of drilling, completion and production fluids via well head flow lines that transfer these fluids to production tanks located on or near the well sites. From the production tanks, fluids are conveyed via pipeline to the White Star Treatment facility, located in the oilfield. Once the water is treated, it is routed via pipelines to Seneca's permitted Class II UIC injection wells, which are also located on Seneca's property. Since Seneca began field operations in the Sespe field in 1987, no other waste water disposal methods have been used. Seneca collects quarterly water samples from the White Star facility in accordance with sampling and reporting requirements enacted from the passage of SB 1281. This data is submitted to DOGGR in electronic format. Photos of the most recent sampling event at the White Star facility are attached for reference.

The following statement is included per your December 18, 2015 letter:

I, Sean Brake certify under penalty of law that I have personally examined and am familiar with the information submitted in this document and all attachments and that, based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment.

Should you require additional information, please contact Kelley Erisman at 661-391-3551.

Sincerely,

A handwritten signature in blue ink that reads "S.C.B." followed by a stylized flourish.

Sean Brake
