RE: Request for Time Extension – 13267 Order to Submit Information

Dear Mr. Cwikla:

Given the additional information required in the current 13267 letter that was dated December 18, 2015, as compared to the letter Aera received in July and since this request for information covers the entire aerial extent of the Ventura field (~4,300 acres – attached), Aera Energy LLC respectfully requests a 45 day extension of the due date for our response. We believe this would make the extended due date March 15, 2016. Thank you in advance for your consideration of this request. Please call Ron Chambers at (661) 665-5641 should you have any questions.

Thank you,
