Re: Ca. Water Code Directive Pursuant to Section 13267

Attn: Joshua Cwikla

Our wells for West Coast Operators Inc., which are the Ojai Lease, and the Schroeder Lease located in Ojai, have never had any type of sumps on location. All of our produced water is taken to a commercial disposal well. All of our tank farms have containment by way of berms around the tank farm and cellars. We have no run off from tank farm or well locations.

Any questions just give me a call.

Best Regards,

Shawn Hawley
