Los Angeles, CA 90013

RE: Order No. R4-2015-0358

Dear Ms. Paula Rasmussen:

I am in receipt of your certified letter, dated June 28, 2016.

Please be advised that Forster Oil Company does not have a sump, never had a sump and do not know of any such discharges from any subsidiary that owned and/or operated within the oilfield that we operate in. No discharges to a sump or pond occurred from Forster Oil Company oil production operations

Forster Oil Company has an amount of waste water of 1,000 (one thousand) bbls. per month, more or less. We used a vacuum truck to haul waste water from our oil production operations to the Breitburn facilities.

According to my conversation with Dr. Yue Rong today, no other information is required at this time. If you have any question please feel free to contact me at 310.686.8570.

~~Very Truly~~

Very Truly Yours,

Eleanor Forster
