Re: CALIFORNIA WATER CODE DIRECTIVE PURSUANT TO SECTION 13267 – ORDER TO SUBMIT INFORMATION – THE DISPOSAL OF WELL DRILLING FLUIDS, WELL COMPLETION FLUIDS, AND PRODUCTION FLUIDS TO LAND FOR OLIVE OIL COMPANY OIL AND GAS OPERATIONS IN LOS ANGELES AND VENTURA COUNTY, CALIFORNIA

Dear Mr. Cwikla,

Thank you for speaking with me by phone on 12-22-15, at which time I informed you, and we discussed the fact that Herley Kelley Company disposes of its water into the Los Angeles County Sanitation District sewer system.

Therefore, as you instructed me to do, and as provided for on page 3, paragraph 4 of the document known as INVESTIGATIVE ORDER NO. R4-2015-0378 TO PROVIDE A TECHNICAL OR MONITORING REPORT, I am hereby stating that Herley Kelley Company has one producing oil well which produces approximately 1,280 bbls. of water per month, all of which is disposed of to the Los Angeles County Sanitation District. There is no disposal to a sump.

Sincerely,

David M. Herley, Manager
