Los Angeles, CA 90013

Subject: Notice of Intent – Individual Watershed Management Program

Dear Mr. Unger:

The **City of Lawndale** is pleased to submit its Notice of Intent (“NOI”) to the Los Angeles Regional Water Quality Control Board (“Regional Board”) to:

1. develop an Individual Watershed Management Program (“I-WMP”) in accordance with Los Angeles Regional Water Quality Control Board Order No. R4-2012-0175, NPDES Permit No., CAS0040, adopted on November 8, 2012 (“Order”) and became effective on December 28, 2012, and
2. participate in a Coordinated Integrated Monitoring Plan (“CIMP”).

The NOI requires the completion of the following tasks under VI.C.4.B.ii:

1. identify applicable interim and final trash water quality based effluent limitations (WQBELs);
2. identify all other interim and final WQBELs;
3. identify interim and final receiving water limitations; and
4. identify watershed control measures (where possible) based on existing TMDL implementation plans to be implemented by the City, concurrently with the development of a WMP (an I-WMP in this case).

In addition to the foregoing, NOI also requires the following tasks to be performed if a permittee chooses to implement an I-WMP:

1. demonstrate that a Low Impact Development (LID) ordinance is in place or that it is in the process of developing one has started within 60 days of the Order (February 26, 2013);
2. Demonstrate that a Green Street Policy is in place or begin development of one that addresses "green street strategies for transportation corridors" within 60 days of the Order.

The attached provides a complete discussion of the NOI-related tasks.

In case of questions please feel free to contact me at (310) 973-3266 or Nabbaszadeh@lawndalecity.org
