VIA EMAIL

APPROVAL OF MODIFICATIONS TO THE MARINA DEL REY WATERSHED MANAGEMENT GROUP'S ENHANCED WATERSHED MANAGEMENT PROGRAM PURSUANT TO PART VI.C.8 OF THE LOS ANGELES COUNTY MUNICIPAL SEPARATE STORM SEWER SYSTEM (MS4) PERMIT (NPDES PERMIT NO. CAS004001; ORDER NO. R4-2012-0175 AS AMENDED BY STATE WATER BOARD ORDER WQ 2015-0075 AND LOS ANGELES WATER BOARD ORDER R4-2012-0175-A01)

Dear Permittees of the Marina del Rey Watershed Management Group¹:

On October 2, 2017, the California Regional Water Quality Control Board, Los Angeles Region (Los Angeles Water Board or Board) received a time extension request of implementation actions to meet selected interim milestones in the Marina del Rey Watershed Management Group's (MdR WMG) Enhanced Watershed Management Program (EWMP). In the Back Basins, the MdR WMG request a time extension from December 2017 to March 22, 2018, to complete implementation actions to meet the final compliance deadline of March 22, 2018 for the Back Basins as identified in the Marina del Rey Toxic Pollutants Total Maximum Daily Load (TMDL). In the Front Basins, the MdR WMG requested time extensions from December 2017 and March 2018 to March 22, 2019, to complete implementation actions to meet the interim compliance deadline of March 22, 2019 for the Front Basins as identified in the MdR Toxic Pollutants TMDL. In addition, for Subwatershed 2 (identified as "Non-TMDL Area" in the EWMP) the MdR Agencies requested an extension of the interim milestones schedule from December 2017 and March 2018 to March 22, 2019.

¹ Permittees of the Marina del Rey Watershed Management Group include the cities of Los Angeles and Culver City, the County of Los Angeles, and the Los Angeles County Flood Control District.

On September 28, 2017, the Los Angeles Water Board provided public notice and a 32-day period to allow for public review and comment on the proposed modifications to the EWMP. No comments were received during the review period.

This letter serves as notification to the MdR WMG that the Los Angeles Water Board Executive Officer approves the proposed modifications to the Marina del Rey Watershed Management Group's EWMP. Note that this approval only grants additional time to the MS4 Permittees in the MdR WMG to complete implementation actions to meet the compliance deadlines for the water quality based effluent limitations and associated receiving water limitation provisions applicable to these MS4 discharges. Please revise your EWMP accordingly and submit a copy of the entire revised EWMP to the Board by **February 26, 2018**.

If you have any questions, please contact Ms. Rebecca Christmann of the Storm Water Permitting Unit at Rebecca.Christmann@waterboards.ca.gov or by phone at (213) 576-5734. Alternatively, you may also contact Mr. Ivar Ridgeway, Chief of the Storm Water Permitting Unit, at Ivar.Ridgeway@waterboards.ca.gov or by phone at (213) 620-2150.

Sincerely,

Samuel Unger, P.E.
Executive Officer
