

California Regional Water Quality Control Board
North Coast region

Order No. R1-2009-0027

RECISION OF MONITORING AND REPORTING PROGRAM
NO. R1-2008-0094

FOR

Renner Petroleum Spill
At Mile Post 11.39
Gasquet, California

Del Norte County

1. On July 31, 2008, Catherine Kuhlman, Executive Officer of the North Coast Regional Water Quality Control Board issued Monitoring and Reporting Program (MRP) No. R1-2008-0094 for the Renner Petroleum Spill located at Highway 199 Mile Post 11.39 near Gasquet, California (Site). MRP No. R1-2008-0094 replaced MRP No. R1-2008-0053 which was issued by Catherine Kuhlman on April 22, 2008. The order contained requirements for monitoring and reporting data collected from the surface water monitoring points at the Site.
2. On July 23, 2008 Regional Water Board staff concurred with the Remedial Action Plan (RAP) for the Site. The RAP was implemented which involved removal and off-site disposal of more than 1000 yards of fine-grained soils, on-Site washing treatment of coarse-grained soils, and extraction and treatment of more than 600,000 gallons of groundwater. No diesel fuel has been detected in monitoring efforts over the past months. Based on this information, it is appropriate to rescind MRP No. R1-2008-0094.

THEREFORE, it is hereby ordered that MRP No. R1-2008-0094 is rescinded.

Ordered by _____

Catherine Kuhlman
Executive Officer
